## **Longstreet Fire Station Roof Replacement**

Specs for roof replacement at the Longstreet Fire Station, located at 1065 Longstreet Road, Elberton.

Supply labor and material to remove and replace the existing metal roof and insulation using the following:

- 24 gauge Galvalume sheeting with extended life fasteners
- 4" VRR insulation
- New eave trim while using existing gutter and rake trim

Remove all debris and material from site upon completion.
