He said that he doesn't want the road beautified, but to maintain the road at the end of where the pavement ends to Greater Heights Church. Chairman Vaughn stated that we cannot put any county equipment on a private road. Mr. Hulme said that he will get with someone at the city to get an answer about the waterline.

13a) **Discussion and consideration of a Resolution Requesting Georgia Representative Rob Leverette to introduce in the General Assembly a bill to authorize a non-binding referendum on the question of whether Elbert County shall enter into an agreement with the Hospital Authority d/b/a Elbert Memorial Hospital to provide for payments toward uncompensated patient care to be funded by the levy of additional ad valorem tax of 1 mil for a period of 5 years.** Mr. Daughtry stated he streamlined the ballot from what was originally written.

Chairman Vaughn asked if there was a reason why Commissioner Alexander made that motion and he replied there are several reasons but he doesn't think he needs to elaborate. Chairman Vaughn asked if he didn't want the public to vote on it and he replied "not at this time". Commissioner Freeman stated it was a little premature to call for a vote; from what he understands from the meetings and the reports from the hospital; they are not in dire straights as they were in 2019. He understands they have challenges as we all do, but they need to work thru them. Commissioner Alexander said he thinks there are other ways the hospital can survive without putting the burden on the taxpayers. The motion by Commissioner Alexander to **not** put this on a referendum passed by a 5-0 vote.

14) **Finance Report.** Ms. Witcher reported the General Fund is operating under budget thru December. SPLOST has a cash balance of 1.9 million and TSPLOST has a cash balance of 3 million and Hotel/Motel tax fund has a balance of \$22,000 for local projects. She said that looking back as far as the accounting software would allow, the data showed that we have had to borrow from a TAN since 2007, but 2025 was the first year we have not had to borrow, largely in part because of the Insurance Premium tax money that we received in October.

15) **Adjournment.** Commissioner Scoggins made a motion to adjourn; seconded by Commissioner Alexander. The motion passed unanimously.
